SENATOR KELLY: Mr. President, I have an announcement I would like to make. Members of the Legislature, the Executive Committee has directed that the Legislature adopt a Watts line known as the "legislative hot line" that is being operated in the Ombudsman office for the citizens of Nebraska to immediately be in touch with the activities of the Legislature. A toll free call to 800-742-7456 will provide for the citizens any information they require about legislative bills, legislative hearings or any other pertinent information they will need and I urge each individual Senator to put this information out in his district so that this can be a valuable service to Nebraska and this service will commence this immediate Friday, January 24. Thank you.

PRESIDENT: The chair recognizes Senator Keyes.

SENATOR KEYES: Mr. President, this morning I had placed on the desks of the Senators some information that's pertinent to the Papio Watershed District. I'd like each one of you to look it over and consider that this is something that is brought out by the other side who are interested in this there.
